

Initial Draft Program of the Study Visit GER

This is a draft of the program of the study visit to **Germany** between the **22. & 25.03.2022**. Please note that this program is subject to change.

Due to the Pandemic situation the participation on the study visit would necessarily need a **proof of a vaccination or recovery not older than 3 months plus a negative test (24 h for antigen, 48 h for PCR). The test is obsolete for people with a booster vaccination.** (These rules might be modified until end of March but this cannot be guaranteed.)

More detailed information will follow in the detailed final version of the program.
